How long: 30 minutes

Who did the coordination: Wanchan Ohyan and Tony Chao

How many people from Hispanic churches helped/ participated in this event: 2

How many people from Chinese churches helped/participated in this event: 2

What or whom we need to pray for? What can we make improvements?

- We noticed an alien worker who seemed to desire to learn more about God's words.  
So we chatted with him and found out that he has already accepted Christ and attended

church. He has a heavy burden for his friend who is very ill in the hospital. We prayed for him and asked God to keep him brave and strong, and share the Gospel with his friends and others. God's love filled us when we were praying and he wept. His heart was wide open and he was strengthened by the Lord. We were deeply touched by God's love and witnessed His presence. We came to realize that God loves these people so much just like He loves us.

- From this experience, God opened our eyes to see the important impact of one-on-one follow up. If we can mobilize more people from both Chinese churches and Hispanic churches to participate, we can team up to do more one-on-one follow-up and prayers after preaching. This will greatly help the alien workers to experience God's love through our personal encouragement and prayer.
- To mobilize more people to participate, we might need to consider to change the meeting schedule to once a month so we can better focus our resources. Please pray for this. Especially when we are going to start sharing in apartment, we need to pray for better focus and management of our resources. Please feel free to express your questions or concerns to us.
